Product Description

With its high, thick walls, the island city of Lys resembles a fortress and is home to a multitude of mercenaries who patrol the coast to deter enemies. But mercenaries are and remain mercenaries: they offer their services to anyone with enough money to hire them. Glory and honour do not interest them, only booty and good pay waiting for them when they return home by ship.

The neutral unit expansion A Song of Ice & Fire - Lysene Sellswords brings a total of 13 miniatures to the popular world of the epic tabletop game. Included are a Lysene Boatman and twelve Lysene Mercenaries as well as a Reinforcement Card, a Unit Card, six Loot Markers and a Movement Tableau.

To play the expansion, an A Song of Ice & Fire starter set is required. The included units are considered neutral and can thus be added to all factions.

Caution. Not suitable for children under 3 years due to small parts that may be swallowed, choking hazard!
