Product Description

Dobble is so much fun that you want to play it everywhere. And with the Waterproof version, you can even do it in and around water.

You can play Dobble Waterproof anywhere, because the repellent cards with beach symbols are sand- and waterproof. In its lightweight pouch, there's nothing to stop you playing in the pool, on the beach or in the bath!

Play with Dobble Waterproof all at the same time and choose one of five different game variations. No matter which variant you choose, the aim is always to be the first to find the symbol that matches on two cards and then name it aloud. But beware: the shape and colour of a symbol are always the same, but the size can be different. Suddenly a small seahorse seems to look quite different from a large one.

Dobble Waterproof is becoming more sustainable to preserve our planet. With less plastic and paper from sustainable forests.

Caution: Not suitable for children under 3 years due to small parts which may be swallowed, risk of suffocation!
