Product Description

The Polonez 1.6 Caro was considered by many car experts to be an exceptionally successful model. It met the European ECE standards and its production in Poland took place in the years 1991 - 1997. The exclusive Caro became part of Poland's automotive landscape for many years! Now it returns in the form of a terminal block model from COBI! Released under the FSO licence in 1:35 scale, it perfectly complements the collection of youngtimers.

It is built entirely from clamp bricks, allowing it to be rebuilt and modified. The building blocks contain high quality prints that will not wear out even with intensive use. The set is sure to be reached for by children as well as automobile enthusiasts and collectors.

- 106 high-quality elements,
- manufactured in the EU by a company with over 20 years of tradition,
- meeting the safety standards for children's products
- fully compatible with clamp-on building blocks of other brands,
- blocks with imprint do not deform or fade during play or when exposed to temperature,
- clear and intuitive instructions based on drawings and symbols,
- a block with the model and name of the car printed on it

Caution. Not suitable for children under 3 years as small parts can be swallowed. Choking hazard!
