### Product Description

Ahsoka Tano decided to leave the Jedi Order during the Clone Wars and continued to fight for what she believed in the years that followed. She took the codename "Fulcrum" and worked for Rebel Intelligence during the darkest days of Emperor Palpatine's reign.

The Ahsoka Tano expansion for Star Wars™: Legion adds the iconic character from the Star Wars: The Clone Wars series to your game. With her two white lightsabers, Ahsoka Tano can hold her own in lightsaber duels against everyone from Maul to Darth Vader, her former Jedi Master who has turned to the dark side. Also included are new unit and command cards. Ahsoka Tano can be added to the Rebel Alliance army.

Attention: A base game of Star Wars: Legion is required to play.

Caution. Not suitable for children under 3 years as small parts may be swallowed. Choking hazard!
