### Product Description

Backgammon is an exciting game for two people. It has simple rules and you can start your first game immediately. After a predetermined set-up, the pieces are placed on the board. The dice determine the moves. With each move, you move your pieces across the board and finally off the board.

Experience exciting moments after the dice have been rolled and you then have to make a tactical decision. What will your playing partner roll? Do you take a risk or hedge your bets? Always keep an eye on your opponent's moves. Every roll brings new momentum and surprises into the game. Even if it looks good for you, you can be thrown out by your playing partner with a stone, which you then have to bring back into play.

Caution: Not suitable for children under 3 years due to small parts which may be swallowed! Danger of suffocation.
