Product Description

Crokinole is a game for two to four players. It demands both technical and tactical skill from its players. The aim of the game is to be the first to reach the score determined in advance. By flicking their own wooden discs, the players try to place them as centrally as possible on the round board and push the opposing discs away. After each round, the score is tallied and the first player to reach the score wins. The game is similar to carrom, shuffleboard, curling or even marbles. Crokinole originated in Canada and is widely played in North America. The game has simple rules and is great fun to play.
