Product Description

You can play this entertaining game of skill in two different versions with 2-4 players. Carefully dismantle the ice blocks of the ice wall with the ice picker or prove your dexterity at the ice tower. Both of these exciting versions require your skill, because if the penguin falls, the game is over.

1st version: The ice wall: You can play this game with 2-4 people. The players take turns trying to carefully pick a block of ice out of the wall with the small hammer (ice pick). The players must always keep an eye on the little penguin, because if it falls off the wall, the game is over. The player who brings the penguin down loses the game.

2nd version: The ice tower: The players now take it in turns to pull a block of ice out of the tower by hand. Again, if the penguin falls, the game is over and the player who caused it loses the game.

Attention: not suitable for children under 36 months!

- Age recommendation: from 6 years
- Number of players: 2 - 4
- Game duration: 10 min
