Product Description

Around 1900, ever larger and faster ocean liners revolutionised the rapidly growing maritime traffic. Daring shipping companies established regular liner services to important ports worldwide. Modern steel colossi displaced the traditional sailing ships from the seas and engaged in fierce competition for the best cruising grounds.

Build up a flourishing fleet and lead it to economic prosperity. Secure the most modern steamships on the shipping market and drive your competitors out of their ports. Build an extensive network of trading houses and coal bunkers to cleverly expand the possibilities of your line. Use your many options to make lucrative shipments and win the prestigious Blue Riband of the North Atlantic with the fastest ships.

Crossing Oceans takes the theme and individual elements of the 2017 game TransAtlantic and composes a new game from it on a large historical world map. Caution! Not suitable for children under 36 months.

- Players: For 2 to 4 players aged 14+
- Game duration: 90+ minutes
