## Product Description

The 1968 Dodge Dart was already cool with its 7.2-litre engine, but Chrysler made even cooler, ultra-powerful Dart models in limited numbers, equipped with a HEMI® engine. These were lightweight Dart GTS sedans, and Chrysler commented that these models were "intended for use in supervised acceleration tests and not for general road use".

- Optional 7-litre HEMI engine with two carburetors or 7.2-litre engine with one carburettor
- Production model interior, bonnet, wheels -suspension or racing model interior, suspension, bonnet with attachment and treadless racing tyres
- Decal with factory production model lettering as well as drag racing motifs
- Cast in white, transparent red and translucent material, with chrome-plated parts and elastic black tyres

Scope of delivery:

- Plastic model kit (not assembled)
- Illustrated, multilingual building instructions
- Decals
