BMW M4 GT3 "Schubert Motorsport, No.10", from 8 years old

from **50,18 EUR**

Item no.: 364670
shipping weight: 0.50 kg
Manufacturer: Carrera

Product Description

Schubert Motorsport entered two brand new BMW M4 GT3s in the 2022 GT Masters. The number 10 car was driven by 19-year-old Niklas Krütten from Trier and 24-year-old Briton Ben Green, both of whom were making their GT Masters debut in 2022. With two wins, two pole positions and two fastest race laps, it was a successful debut for the drivers and the new car.

At home on the Carrera racetrack, the true-to-the-original vehicle makes quite an impression, and not just because of its stylish black look with green accents. The vehicle can also be converted to digital using a separate digital decoder and impresses at full throttle with glowing front and rear lights!

Caution! Not suitable for children under 36 months.
