Product Description

In mixed forest you create an ecologically balanced habitat for flora and fauna. Play tree cards from your hand and place different animals, plants and fungi on them. In order to score many points, however, the preferences of these creatures must be taken into account: Some only feel particularly comfortable in the presence of their fellow species and others even prefer certain habitats or food sources.

In the end, the winner is the one with the most points.

The game and packaging are plastic-free (Lookout Green Line).

Caution! Not suitable for children under 36 months. Legal minimum age: 10 years
