Product Description

The aim of the game in Trio sounds simple: You try to form three sets of three identical number cards first. However, the cards are hidden both in a concealed display in the centre of the table and on the hands of the other players. The player who reveals two of the same cards in one round may try his luck a third time and thus perhaps secure the winning trio. Trio combines memory and deduction elements in a new way, offers you simple rules and short, exciting games with an addictive factor. Caution! Not suitable for children under 36 months. Legal minimum age: 7 years

- Number of players: 3-6
