Product Description

The control tower is the perfect addition to your Carrera racetrack and ensures safety and order. The decorative element measures 44.2 cm x 32.6 cm x 22 cm (width x height x depth) and makes the races on the Carrera track even more authentic. The balcony of the tower can be mounted alternately according to your ideas. The control tower can also be extended or combined with the position tower (item 30357) and the pit lane (item 21104). This way you can always redesign your racetrack and bring variety to the track.

Caution: Not suitable for children under 36 months. Not suitable for children under 36 months.
