**from 71,80 EUR**

Item no.: 364869  
shipping weight: 0.10 kg  
Manufacturer: Carrera

### Product Description

With this extension set, you can bring even more driving fun to your track. The set contains a total of twelve 15° curves, which, if you build them all in a row, result in a long 180° curve. Since there are many small track sections, you are very flexible in the construction. In addition to a large curve, you can also build chicanes or S-curves with the track sections. With supports, you can also bring your racetrack to another level. Simply build the 180° curve above the rest of the track and enjoy a race on several levels. Since the angle of these curves is relatively small, these extension parts are also suitable for 8-lane expansion. The scale of the set is 1:24.

Not suitable for children under 36 months. Legal minimum age: 8

- Attachment set curve 4/15° in scale 1:24
- DIGITAL 124, DIGITAL 132, EVOLUTION
- For 8-lane extension
- Package content: 12 pieces = 180 degrees (1 piece = 15 degrees)
