Product Description

Storage Box - for Necromunda, 77 Miniatures

To make sure your (sometimes quite sensitive) gangers don't get hurt on the way to game night, Feldherr presents you this Storage Box set with matching foam for Necromunda. A total of 5 trays offer space for 77 miniatures. The fine-pored foam reliably protects your models – fragile parts stay intact during storage and transport, sensitive parts remain free from scratches and abrasion.

The tray features 10 compartments and enable you to store a complete gang (e. g. Escher or Goliath).

The tray with 20 compartments has two large compartments and can safely accommodate two Ambots, the 18 smaller compartments are suitable for gangers like e. g. Miniatures of the Delaque or the Cawdor Gangs.

The tray has 12 compartments for further ganger miniatures. Each of the 12 compartments is 54 mm long x 41 mm wide x 40 mm deep.

The other tray offers eight smaller compartments as well as two long compartments.

Last but not least, the set contains a Full-Size tray which will hold additional 32 miniatures. Each of the 32 compartments is 54 mm long x 35 mm wide x 40 mm deep.

Of course, the foam trays fit exactly into the Storage Box. The box - made of coated, double-walled cardboard - is not only light but also particularly stable. With the plastic carrying handle it can also be transported easily.

The set is completed by the matching foam topper. Just place it on top of the trays to make sure that nothing can fall out during transport.

Attention! Not suitable for children under 36 months.
