Product Description

In the turbulent world of Westeros, there are many souls who no longer belong to any house. These storm-tossed individuals all have their own reasons for their isolation. Some, like Arya Stark, are on the run. She used to belong to House Stark, but her fate has changed drastically recently. Others are on the hunt for them, like Sandor Clegane, who has taken orders from members of House Lannister for as long as he can remember. Whether they are outsiders, criminals or simply outcasts, characters like Rorge, Biter, Jokin and Widower can find themselves in the service of many different powers. If the money is right, that's all that really matters to them.

The unit expansion A Song of Ice & Fire - Neutral Heroes 3 brings a total of seven iconic miniatures to the popular world of the epic tabletop game. Included are the iconic characters Shae, The Widower, Jokin, Arya Stark, Sandor Clegane, Rorge and Biter, as well as eight reinforcement cards, one civilian unit card and six tactics cards.

A matching starter set is required to play this expansion.
