Product Description

Ser Gerold Dayn's bodyguard has no official name; they are simply called Dark Star's followers. And this nickname is enough to strike fear into the hearts of enemy troops. His followers take up Dunkelstern's legacy by imitating his fighting style to perfection. It attacks without warning, usually into an unprotected flank, strikes hard and then retreats to wait patiently for the next opportunity to attack ... if it has to attack again at all.

The unit expansion A Song of Ice & Fire - Darkstar Retinue brings a total of 13 miniatures to the popular world of the epic tabletop game. Included are a guard of Hochklause, a standard bearer of Darkstar's Retinue and eleven retainers, as well as a unit card, a reinforcement card and a movement tableau.

A Song of Ice & Fire - Martell starter set is required to play this expansion.

Not suitable for children under 36 months.

- Number of players: 2 players
