Product Description

Answer the call and get ready for Marvel: Crisis Protocol! Will the noble Captain America lead your team? Or will you unleash the terrible power of Ultron and his drone army? From Captain Marvel's Binary powers to Spider-Man's spectacular spider-sense, there are no limits - except the ones you set for yourself. It's up to you to lead them to victory with daring tactics and cunning strategies. Create your team, roll your dice and face dangerous crises!

Marvel: Crisis Protocol is a two-person tactical miniatures game that pits your custom teams of Marvel characters against each other to complete mission objectives on personalised battlefields.

Before the game, you choose your mission from randomly drawn crisis cards, and only then do you assemble your team from a character pool to pit it against the enemy team. This allows you to tailor your characters' abilities to the mission at hand. Your teams will fight each other with unique attacks and superpowers, and can even use their environment to their advantage!

The base game includes 13 highly detailed, unassembled and unpainted character miniatures, as well as 25 terrain pieces, maps, dice, measuring tools and all the accessories to get you started.

Notsuitable for children under 36 months.

- Number of players: 2
- Age: from 14 years
- Game duration: 90+ minutes
