Product Description

Carbon fabric decal films are a great way to increase the realism of your model. With the TAMIYA carbon fibre decal films you can enhance the appearance of carbon parts such as winglets or spoilers on your model. Simply cut the film to the size and shape of the section you wish to cover. When used in conjunction with Tamiya Mark Fit (decal release solution), applying the film to curved surfaces becomes even easier.

- Carbon decal film (wet slide decal) for TAMIYA kits from 1/6th to 1/24th scale
