## Product Description

Activity Kindergarten - children's game (DE), for 3-16 players, ages 4+

Activity for the little ones Two elephants are on their way to the lake. In order to move forward, funny drawings on the playing cards must be conveyed to the advising team members through pantomime, drawing or an explanatory description. If the term is guessed, the elephant can be moved on. Which elephant will reach the goal faster? A variable schedule regulates the duration of the game. Activity (R) Kindergarten promotes the communication skills of the little ones in a playful way. This combination of creative play elements was tested by the authors Catty and Führer in kindergartens with great success.
