Product Description

No mat? That's right! Twister Air brings the fun of movement from the mat to the screen! The Twister App game gets the party started on your smart device. The game includes 8 coloured Twister Air bands and 1 stand for the smartphone or tablet. (Smart device not included). Simply download the Twister Air app (free download - data charges and in-app purchases may apply) and attach a smart device to the stand. The players strap on the bands and off they go! To the music, they have to match the bands with the colour fields on the screen by grooving, clapping and striking wild poses. The more matches, the higher the score. Whoever scores the most points wins! In solo mode, you try to top your own best performance. Looking for cool party games? The app-based game Twister Air is great for children's birthday parties and game nights. Interactive games are great Christmas gifts for families and children aged 8 and up.
