## Product Description

Reminiscence as you introduce the popular "Who is it?" guessing game to your own children and grandchildren. This edition is twice as much fun because it includes both faces and superheroes. Each player chooses a character and then tries to find out for themselves, through clever yes-no questions, which secret face or superhero their teammate is hiding from them - depending on which side of the 2 double-sided game sheets the children use. The sheets can be easily inserted into the guessing boards and removed again, so that the game can be set up in no time. Thanks to the practical folding function, it is also great for on the go. "Who is it?" is for 2 players and offers sleuths from 6 years of age entertaining guessing fun. Hasbro Gaming and all associated terms are trademarks of Hasbro.

Warning: not suitable for children under 36 months!

- Age: from 6 years
- Number: for 2 players
- Duration: approx. 20 minutes
