Product Description

The floor model is a replica of the German Jagdtiger produced in 1943, which was the heaviest and most powerful tank in the world at that time. The tank was based on the chassis of the Königtiger. The Jagdtiger had excellent offensive capabilities, which it was able to prove by taking out Allies at long range. The Jagdtiger was used for the first time in 1944 in the Battle of the Bulge and fought mainly against the Allied forces in West Germany from 1945 onwards. Until 1945, 80 of these Tigers were produced and then another ten with a "Porsche turret". Attention! Not suitable for children under 14 years.
