Product Description

ARRRRRRG, are you ready to sail the seven seas with a crew of fearless pirates? Do you already have the smell of adventure in your nose? Take one last sip from the bottle, adjust your parrot and tricorn and off you go. In Pirate Tales, each of you is a fearless pirate captain in search of the greatest treasure!

You plan your voyage by drawing and laying out adventure cards, hiring a crew, rolling the dice and setting sail. Help your crew succeed with your hand cards and the right decisions. Go in search of treasure, but beware! Giant squids, ghost ships and seductive mermaids will try to throw you off course. Choose your destination wisely and lots of doubloons and diamonds await you. While one of you adventures on the high seas, the other captains sit comfortably on Tortuga in their tribal tavern and bet on the success or failure of this journey. Which of you will be the richest captain of all at the end of your adventure voyage and spend your well-deserved retirement on your own island under palm trees?

Attention: not suitable for children under 36 months!
