510003658 - Model Kit, 1:24 Lancia HF Integrale

25,69 EUR

Item no.: 370756 shipping weight: 1.00 kg Manufacturer: ITALERI

Product Description

The floor model is a replica of the Lancia HF Integrale. The Lancia HF is considered an icon in the history of rally competition. The Delta HF was produced in the second half of the 1980s and took part in the World Rally Championship from 1987 to 1988, winning two world championship titles and achieving important results in many competitions, such as the Rallye de Monte-Carlo and the Rallye San Remo. The Lancia Delta Integrale was the evolution of the Delta HF. It was introduced in 1988 and dominated the World Rally Championship, winning several constructors' competitions and an impressive number of competitions until 1993. It was updated in many aesthetic details that made the Integrale more muscular and aggressive, such as the enlarged wings and redesigned air intake. The bonnet of the Lancia HF Integrale has also been improved in terms of handling and engine performance.

- Detailed model kit in 1:24 scale
- The high quality kit from Italeri has to be assembled by yourself
