from **36,77 EUR**

Item no.: 369379
shipping weight: 0.50 kg
Manufacturer: TAMIYA

Product Description

Big cruiser bikes are popular all over the world, and many owners just want to customise them to their own tastes. This updated kit recreates one such bike, a customised version of the mighty Yamaha XV1600 Road Star, the standard version of which was published as item 14080. The XV1600 Road Star was equipped with a 1,600 cc V-twin that made it one of the best. High-performance bikes of the time featured Teles' copycat front suspension and a non-visible rear shock absorber for a classic hardtail look that emphasised the low lines, and generous use of chrome. Custom bikes had side pockets, a larger windscreen and many other variations.

- Scale 1:12- Recommended age: 14 years- Length: 208 mm- Width: 89 mm- Height: 120 mm- Contents: Kit model, custom cruiser, engine, frame, saddlebags, motorbike stand, road tyres, chrome-plated exhaust system, instructions, decals- The high-quality kit from TAMIYA must be assembled independently.- The independent assembly is accompanied by step-by-step or illustrated assembly instructions. - The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. - The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the plastic kit. These must be purchased as an option.
