500907649 - Model Kit, 1:14 Conversion Kit Building Material Trailer

from **276,46 EUR**

Item no.: 370646
shipping weight: 3.00 kg
Manufacturer: Carson

Product Description

With the CARSON conversion kit, the 1:14 3-axle flatbed semi-trailer III steel (N° 500907650) can be converted into a building material semi-trailer. The functional aluminium drop sides can be folded down for loading/unloading. They impress with detailed scale optics, the locking is done via neodymium magnets. For easier loading of the trailer, the plugged-in dropside posts can be removed. All parts needed for the conversion are included.

Caution! Not suitable for children under 36 months.

- CNC-milled aluminium drop sides with detailed surface engravings
- Locking of the drop sides is done with neodymium magnets
- All 9 dropsides are functional
- 4 hinges per drop side (hinges made of 1 mm steel plate)
- Dropside posts can be removed
- Weight 2.500g
- Only suitable for 500907650 1:14 3-axle flatbed trailer III steel
