Product Description

This innovative product meets even the most complex game requirements. It is a compact storage box for a large collection of cards and a perfect companion for game components. The box is large enough for 600 double-sleeved or 800 single-sleeved cards, which are separated with a removable acrylic divider. The Games' Lair 600+ contains four removable compartments for cards and other playing material. The lid can be used as a dice tray.

The much praised convertible closure system with removable cover clips saves space on the gaming table. The magnets and innovative locking system provide a secure storage option.

The Card's Lair 400+ features a red Nexofyber+ finish and a black microfibre interior coating. The Card's Lair 400+ is also available in a version with a blue Nexofyber+ surface and a black microfibre inner coating, as well as an EXCLUSIVE LINE version with a black Nexofyber+ surface and a bright orange microfibre inner coating.

Caution. Not suitable for children under 36 months.
