## 510002786 - Model Kit,1:48 F-16A Fighting Falcon

from **26,51 EUR**

Item no.: 369943  
shipping weight: 0.80 kg  
Manufacturer: ITALERI

### Product Description

The floor model is a replica of the F-16A Fighting Falcon aircraft. The F-16 Fighting Falcon, manufactured by the American company General Dynamics since the late 1970s, is a true icon of military aviation history. It was originally developed according to the needs of the US Air Force to provide a modern and effective single-seat air superiority day fighter. However, the project has progressively evolved to create an all-weather, multi-role aircraft that has exceptional operational flexibility.

The F-16 features an original design, easily recognisable by its frameless bubble canopy, which ensures excellent visibility for the pilot. The F-16 adopted innovative solutions such as the side-mounted control stick, the "fly-by-wire" control system and advanced avionics to improve flight and combat performance. The "Fighting Falcon" is appreciated by pilots for its excellent manoeuvrability and reliability and is equipped with a 20 mm M61 Vulcan internal cannon. Thanks to its hard points and location, it can employ a variety of offensive weapons as missiles and bombs. The F-16 has been adopted by many air forces around the world and often used with great effectiveness in multiple theatres of operation.

- Detailed 1:48 scale model kit
- The floor model has dimensions: Length: 31.5 cm
- The high quality kit from Italeri has to be assembled by yourself
- The self-assembly is accompanied by step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery
- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas
- Tools, glue and paint are not included in the plastic kit. These must be purchased as an option

Caution: Not suitable for children under 36 months due to small parts which may be swallowed, risk of suffocation.

- Scale: 1:48
- Age recommendation: from 14 years
- Contents: kit, instructions, decoration
