Product Description

The floor model is a recreation of the Honda NSX / ACURA NSX, which represents the next generation super sports car. The sports car is a highly technical and extremely exciting vehicle of its time. Due to the weight-saving design and a hybrid powertrain with three electric motors as well as the mid-sized 3.5-litre V6 engine with two turbochargers, the NSX is able to produce 573 hp. The car is powered by a nine-speed dual-clutch automatic transmission.
