Manufacturer: Gamegenic

Product Description

Keep valuable game tokens, cards or dice safe in this elegant premium box. The Token Keep features Gamegenic's characteristic "Convertible System": the removable lid can be attached to the underside, saving valuable space on the game table. This means that the Token Keep can also be fully used during the game.

Strong magnets ensure a secure closure. The Token Keep is designed to hold a variety of tokens, dice, other markers and even 40 double-sleeved cards, 50 single-sleeved cards or 80 unsleeved cards. It is perfect for a variety of board games, TCGs and LCGs. Thanks to Gamegenic's modular design, the Token Keep fits perfectly into the Dungeon 1100+ and the Dungeon S 550+.

Caution. Not suitable for children under 36 months!
