Product Description

The floor model is a replica of the German light tank combat vehicle 38 t of the E/F version. The tank continued to be produced due to the large tank and was subsequently renamed 38 t to denote its Czech origin. The tank served as a frontline tank for the German Wehrmacht at the beginning of the Second World War. It was a major player in the Operation of Poland as well as in Mission Barbossa. The E/F variant featured frontal armour twice as thick as before, equivalent to up to 50 mm.
