Product Description

This floor model is a replica of the Kawasaki Ninja H2R. Due to the parts used, the Kawasaki Ninja H2R is a showcase machine for the race track. Technical features such as traction control and engine brake control are perfectly tuned for the race track as standard. The detailed representation of the motorbike's fairing, which in the original is made of bare carbon fibre and black chrome-plated parts, reflects TAMIYA's attention to detail.

- Detailed model kit in 1:12 scale- The high-quality kit from TAMIYA has to be assembled by yourself.- The independent assembly is accompanied by step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the plastic kit. These must be purchased as an option.

Caution! Not suitable for children under 36 months due to small parts that may be swallowed, choking hazard.

- Recommended age: 14 years and over- Scale: 1:12- Contents: Kit model, racing version, engine, frame, fairing, racing motorbike stand, semi-slick tyres, exhaust system, instructions
