

Item no.: 369558

500906205 - Model kit, 1:8 BL motor pinion 16Z M1 steel hardened

from **7,70 EUR**

Item no.: 369558
shipping weight: 2.00 kg
Manufacturer: Carson

Product Description

1 motor pinion with 2 grub screws in scale 1:8. Suitable for all vehicles with a main gear module of M 1. Please observe the notes/ratio table in the manufacturer's instructions for your model. The motor pinion is suitable for 5 mm motor shafts. For a better fit on the motor shaft, there are two mounting holes, one of which is offset by 120 degrees. The scope of delivery includes the matching M4 grub screws (with cutting ring). The motor pinion is made of high-quality steel. The hardened surface reduces wear.

For assembly we recommend the use of a threadlocker (medium viscosity/medium strength).

Not suitable for children under 36 months. Choking hazard due to small parts.

Technical details:

- Scale 1:8
- for especially realistic diorama scenarios
- Age recommendation: from 14 years

Scope of delivery:

- 1 motor pinion with 2 grub screws
- Step by step installation instructions incl. pictures

Attention: Additional tools, glue and paints may be required and are not included in the scope of delivery. These must be purchased as an option. The parts can be painted according to your own ideas.
