from **60,25 EUR**

Item no.: 371508
shipping weight: 1.30 kg
Manufacturer: Awaken Realms

Product Description

It has been a while since contact was lost with the crew of the Nemesis. The rumours about what happened to the crew are as worrying as they are nebulous. You have an uneasy gut feeling, but you also can't contain your curiosity as you set off to investigate the events on the Nemesis. Do you dare to enter the Nemesis and face the horrors that lurk in the depths of the spacecraft? What will you find in the shadows? The ship bears many scars from the past and is all too ready to tell you its story... The epilogue expansion for the popular expert game Nemesis includes a shortened mode that can be played over five rounds as an epilogue after a regular game or on its own. At the start of the Epilogue, an unspecified amount of time has passed since the events of the Nemesis base game. Players insert new characters who enter Nemesis to investigate. Any leftovers from the previous game will have an impact on the epilogue game. With new traits, characters and additional game material, players embark on a research mission to unravel the fateful events on the Nemesis. The base games Nemesis or Nemesis: Lockdown are required to use the Epilogue expansion. Caution! Not suitable for children under 36 months.

- Number of players: 1-5 players- Age: 14+ years- Game length: 45+ minutes
