Product Description

The TAMIYA Porsche Turbo RSR 934 in 1:24 scale, perfectly reproduces the dynamic shape and proportions of the legendary Jägermeister racing car of the Max Moritz team. The kit model features numerous detail solutions, such as photo-etched parts. The interior, racing body with ventilation grilles as well as the underbody including chassis and BBS alloy wheels have been reproduced down to the smallest detail. Clear glass parts for lighting and windows as well as metal-coated mirror stickers ensure a realistic appearance. The prototype was first used in 1976 in the Group 4 GT class. Thanks to the turbocharger, the 3-litre boxer engine delivered 260 hp, an above-average amount for the time, and equipped in this way, the Porsche Turbo 934 RSR was able to take victories in the German Racing Championship DRM and in the European GT Championship in its very first season. Caution! Not suitable for children under 36 months. choking hazard due to small parts.
