from **105,28 EUR**

Item no.: 358878
shipping weight: 3.30 kg
Manufacturer: COBI

📄 Product Description

The famous Opel Rekord C Coupé in an Executive Edition is another strong addition to the automotive range from COBI! The technically advanced 1:12 scale block set is 37.5 cm long and looks great on a black block stand with a sign bearing the car's name. In addition, the Executive Edition model has a black roof.

The Opel Rekord C Coupé sports car was released under the original Opel brand licence. The set was designed with 2,415 elements. The model is characterised by the use of a large number of high-quality prints! Cobi has completely dispensed with stickers. New elements have been specially designed to meet the needs of such large sets and offer additional functionalities: movable steering wheel with which you can turn the wheels and hinges to open the doors, body and trim elements. Under the tilting bonnet is an engine made of blocks. Numerous details such as handles, lights and clocks form a coherent whole with the perfectly reproduced characteristic shape of this vehicle.

The model is perfect for collectors and lovers of the classic automobile. Clear and intuitive instructions and blocks packed in numbered bags ensure that the building process is smooth and fun.

Attention: not suitable for children under 36 months!
