Product Description

Sd.Kfz.7 is a German artillery tractor that was produced between 1934 and 1945. A total of slightly more than 12,000 units were produced. On the universal chassis of this vehicle, many types of vehicles were built for various purposes (armoured cabin version, command vehicles, observation vehicles, self-propelled anti-aircraft guns). In its basic version, the tractor could carry 11-12 people. The basic version of the vehicle from COBI is a great starting point for further fan modifications.

The Sd.Kfz.7 artillery tractor was constructed with attention to detail in a 1:35 scale model from 439 elements. It includes moving parts and high-quality, durable prints. The set is a perfect addition to the growing collection of historical 1/35th scale clamp brick vehicles.
