Product Description

The floor model is a replica of the Lockheed Martin F-16 Falcon, which was originally developed for use as a multi-role combat aircraft for the United States Air Force. The fighter was designed as an air superiority day fighter and later turned out to be a successful all-weather multi-role aircraft. Production of the aircraft was approved in 1976 and over 4,500 were produced as of 2012. The TAMIYA model kit version impresses with the enormous accuracy of fit as well as the attention to detail.- Detailed model kit in the scale of 1:72- The high-quality kit from TAMIYA must be assembled independently.- The independent assembly is accompanied with the help of step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the scope of delivery of the plastic kit. These must be purchased as an option.Caution: Not suitable for children under 36 months. Choking hazard due to small parts.
