Product Description

The floor model is a replica of the factory racing bike called the VFR750R released in 1987. The VFR750R is a road-going modification of the RVF750, which successfully competed in the World Endurance Championship. Accordingly, as in the RVF750, technologies from space technology as well as titanium, carbon fibre, Kevlar and magnesium have been used. Due to the high-quality aluminium frame and the rear wheel with central locking, the VFR750R became a collector's item even before it was produced. Caution: Not suitable for children under 14 years.

- Scale: 1:12- Recommended age: 14 years and up- Length 172 mm- Contents: Kit model (street version), engine, frame, fairing, racing motorbike stand, street tyres, exhaust system, instructions, decoration- The high-quality kit from TAMIYA must be assembled by the owner.- The independent assembly is accompanied by step-by-step or illustrated assembly instructions. - The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. - The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the plastic kit.
