shipping weight: 0.10 kg
Manufacturer: Carrera

Product Description

With lots of cargo over the construction site With the CAT 745 articulated dump truck, construction managers from the age of 8 are ready for action on the construction site at home. The tipper with a length of approx. 44 cm can transport a lot of material from one place to another - no matter whether sand has to be transported on the playground or the cuddly toys in the children's room need a lift. The tipping trough is easily controlled via the remote control. Large tipping body with lots of space Thanks to LED lighting, it can also be used at night and the sound function ensures even more fun on the construction site. Thanks to the Li-Ion battery, the CAT 745 can be used for up to 40 minutes. Fully loaded, it plods across the construction site at a speed of 3 km/h - after all, safety first. The licensed model looks just like the big models on the construction site and is a real eye-catcher for fans of all ages.
