370102201 - 2.4GHz Brushless Buggy Carrera Expert, RC, from 14 years old

from **200,54 EUR**

Item no.: 363878
shipping weight: 0.10 kg
Manufacturer: Carrera

Product Description

Experience ultimate driving fun with the high-performance remote-controlled buggy from Carrera Expert RC! With first-class technology and an impressive length of 39 cm in 1:10 scale, this model sets new standards. The high-end Expert chassis at model building level features adjustable pre- and post-track rods as well as sturdy steel construction of the drive shafts for even power transmission. The brushless motor guarantees outstanding efficiency and high energy efficiency. With its full-suspension chassis, oil-pressure shock absorbers and pneumatic rubber tyres, the buggy offers perfect road holding on any surface. The precise durable metal gearbox and all-wheel drive enable powerful driving with a breathtaking top speed of up to 60 km/h. The remote-controlled expert vehicle is ready for action immediately and comes with a high-quality battery with a runtime of up to 10 minutes. Discover outstanding quality for an unforgettable driving experience!
