Product Description

The Mercedes-AMG GT-3 is another model in the large GT-3 series on a TT-02 chassis. The original was used on the race tracks in the GT-3 class in 2016. It has a 6.3L V8 engine. For the 24 hour race at the Nürburgring, this car finished in 4th place.

Warnings:

Before you start assembling, make sure you have read and understood all instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions.

Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury.

If difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or specialist dealer.

Use tools only for their intended purpose. There is a risk of injury if used incorrectly.

If you use paints and/or glues (not included in the kit), observe and follow the instructions enclosed with them. Keep kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads.

Caution. Not suitable for children under 3 years.
