from **165,32 EUR**

Item no.: 369291
shipping weight: 2.00 kg
Manufacturer: TAMIYA

Product Description

The Toyota Supra is one of the most popular sports cars in Japan. It proved itself on the race tracks and on the road. Now TAMIYA presents the Supra as a drift model based on the TT-02D chassis. The body is taken from the Toyota Supra 58392 kit.

Required accessories:

- Remote control with receiver
- Steering servo
- 7.2V NiMH battery pack
- Charger
- Paint for Lexan body (TAMIYA PS-)

Warnings

Before you start assembling, make sure you have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury.

If difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or specialist dealer. Use tools only for their intended purpose at any one time. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), observe and follow the instructions enclosed with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.

Caution: Not suitable for children under 36 months.
