300058693 - RC Car, 1:10 RC TA08 Pro Chassis Kit

from **292,90 EUR**

Item no.: 369279
shipping weight: 2.00 kg
Manufacturer: TAMIYA

Product Description

The TAMIYA TA-08 PRO is an all-wheel drive touring car for competition use. This model is driven particularly efficiently via 2 toothed belts. The PRO version already has tuned tuning parts for the race track: Super Short Big Bore oil pressure shock absorbers, ball bearings, universal joints and much more. The special feature of the TA-08 PRO from TAMIYA is the V-shaped diagonally arranged RC components such as battery and servo.

Required accessories: Remote control with servo, receiver, speed controller, body, wheels, battery, charger.

WARNINGS:

- Before you start assembling, make sure you have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions
- Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury
- If difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or specialist dealer
- Use tools only for their intended purpose. There is a risk of injury if used incorrectly
- If you use paints and/or glues (not included in the kit), observe and follow the instructions enclosed with them
- Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads

Technical details:

- 1/10 scale kit model
- 2-belt all-wheel drive touring car chassis
- Chassis is designed in a special V-shape for better chassis balance. Battery and servo are mounted at an angle (approx. 10 degrees)
- Main gear in front of the motor
- Differentials from TRF420 and steel cup joints from TA-07
- A-arm suspension for a low chassis centre of gravity. Toe and camber adjustable via threaded rods
- Super Short Big Bore oil shock absorbers
- Universal joints and ball bearings included
- 180 degree rotating body mounts that can be swapped between standard and 2 mm
- RC components, motor, battery, wheels and body not included

Attention: not suitable for children under 36 months!

- Contents: 4WD kit model, TA08 Pro chassis, 2-tooth belt, cone diff. vo/hi oil filled, ball bearings, alloy oil damper SSBB, toe/camber adjustable Re/Li thread, V-Shape chassis, universal joints, A-arm suspension, BigBore tuning springs, manual
- Scale: 1:10
- Age recommendation: from 14 years
