Product Description

The distinctive green and gold vehicle sponsored by Diebels Alt - the Mercedes-Benz 190E 2.5-16 Evo.II from Team ZAKSPEED.

The Danish racing driver Kurt Thiim drove the ZAKSPEED 190E with the starting number 18 in the 1992 DTM season, which he finished as runner-up. This model is a reissue of the body kit (50465), which is available for the first time as a complete kit.

Warnings

Before you start assembling, make sure you have read and understood all instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury. If any difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or a specialist dealer. Use tools only for their intended purpose. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), note and follow the instructions supplied with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.

Caution: Not suitable for children under 36 months.
