Product Description

We are pleased to finally give in to the demands of Tamiya fans for a new edition of this classic. The superbly detailed pick-up truck body is mounted on the same chassis as the Ford F-350 High-Lift and combines nostalgia with modern mechanics.

The optional 53957 multi-function unit makes the Tundra even more realistic.

Required accessories:

- RC system
- Steering servo
- Shift servo
- Battery
- Charger
- TS colour

Warnings

Before you start assembling, you should have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions.

Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or specialist dealer. Use tools only for their intended purpose at any one time. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), note and follow the instructions supplied with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.

Caution: Not suitable for children 14 years of age.
