Product Description

This further version of the all-wheel drive MF-01X chassis includes a prototypical VW Beetle Rally body. Inspired by numerous rally events from the 50s to the 80s, the Beetle was a true rally legend. The MF-01X chassis has four-wheel drive and grippy Rally Block tyres.

Required accessories Remote control with receiver, steering servo, 7.2V NiMH battery pack, charger, paint for Lexan body (TAMIYA PS-)

WARNING! Caution! Not suitable for children under 36 months. Before starting to assemble, make sure you have read and understood all instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury. If any difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or a specialist dealer. Use tools only for their intended purpose. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), note and follow the instructions supplied with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.
