300058707 - RC Car,1:10 RC XV-02 PRO Chassis Kit Cardan

from **312,04 EUR**

Item no.: 369306
shipping weight: 2.00 kg
Manufacturer: TAMIYA

Product Description

The TAMIYA XV-02 Pro is the further development of the legendary XV-01 Rally Chassis. This chassis was specially designed for use on gravel and dirt and has numerous features that make the hearts of rally fans beat faster. The PRO version already includes some aluminium tuning parts such as aluminium oil pressure shock absorbers, metal engine mounts, aluminium servo mounts, etc. The engine is now installed in the middle of the chassis and the power is transmitted to the front and rear axles via 2 cardan shafts. Highlight are the standard diffs which can be equipped with 39 or 40 tooth gears. This allows the drive characteristics to be adjusted (more front axle drive or rear axle drive). A polycarbonate chassis cover is included to protect the chassis from dust and stones.

Required accessories Remote control with receiver, steering servo, battery pack, charger, electronic speed controller and body.

ATTENTION! Caution! Not suitable for children under 36 months. Before you start assembling, make sure you have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury. If any difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or a specialist dealer. Use tools only for their intended purpose. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), note and follow the instructions supplied with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.

Details

- Scale: 1:10
- Age recommendation: from 14 years
- Contents: 4WD kit model, XV-02 chassis, cardan drive, cardan shafts vo/hi, alloy oil pressure shock absorbers, rally block tyres, rally dish rims, chassis cover PC, adjustable toe/camber, tub frame chassis, instructions
