RC Car, 1:14 Fire Brigade 2.4G 100% RTR

from **46,36 EUR**

Item no.: 370903
shipping weight: 0.20 kg
Manufacturer: Carson

Product Description

The RC fire engine in 1:14 scale comes with a 2.4 GHz remote control system and a detailed and elaborately printed robust body. In addition, the non-slip off-road tyres enable the vehicle to be used off the road. The blue light is activated automatically when the emergency vehicle is switched on, so that immediate playing and driving fun is guaranteed. The doors can be opened and closed by pressing a button on the transmitter. The remote-controlled vehicle is fully equipped with transmitter, transmitter batteries, driving battery, charger and instructions and is ready to start immediately after charging.

ATTENTION! Not suitable for children under 3 years. The packaging must be kept as it contains important information. The illustrations may differ from the product in the packaging. CARSON reserves the right to make improvements and changes at any time.
